- **S.D. Public School Jagadhri, India** Secondary - 10th; Percentage: 90.2%
April 2019 - March 2020

SKILLS SUMMARY

- **Languages:** C,C++, JavaScript ,Python ,Bash
- **Frameworks:** React, NodeJS
- **Databases:** SQL, SQLite
- **Tools:** GIT,Docker,Figma
- **Platforms:** Linux, Web, Windows
- **Soft Skills:** Leadership ,Event Management ,Public Speaking ,Graphic Designing and Time Management

PROJECTS

- **U-move:** Created a responsive mobile-friendly web application, U-Move, using HTML, CSS, and JavaScript for effortless campus travel.Implemented media queries in CSS to ensure seamless responsiveness across various devices such as mobile phones, tablets, and desktops, enhancing user accessibility and usability.
- **React Notes App:** Designed and developed a React-based notes-making application with authentication capabilities, allowing users to securely sign up, log in, and manage their notes with Create, Read, Update, and Delete (CRUD) functionality. Implemented user authentication using React components and local storage for persistent login sessions, ensuring a seamless and secure user experience.
- **MedPrognosis:** Web app specializing in predicting heart disease, kidney disease, breast cancer, and diabetes. Through sophisticated algorithms and Flask integration, it offers real-time disease forecasts with remarkable accuracy. Notably, it also seamlessly incorporates life insurance price detection, empowering users to make informed decisions about their health and future security.
- **Offline Game Hub Application:** Developed a game hub platform containing 7 games with amazing login/signup stored in a local database using Python and SQLite.
- **Portfolio:** Developed a visually appealing resume portfolio website using HTML, CSS, and JavaScript. Employed CSS animations controlled by JavaScript to create engaging visual elements, enhancing user interaction and experience.
